INSURANCE OFFICES

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon.
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, and your own of the same class, and all will be on an equal footing.
Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected, risking by taking risks alone.
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

MILWAUKEE MUTUAL
FIRE INSURANCE COMPANY.
Office in Martin's Block, Milwaukee.
Capital over $165,000—in Cash and Premium Notes.
THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire.
The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2500 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

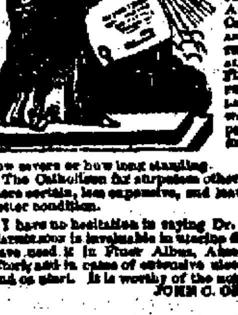
DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.



IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended usually called
Female Complaints.
Of these are PROLAPSUS UTERI, or Falling of the Womb; FLUOR ALBUS, or Whites; CHRONIC INFLAMMATION, AND ULCERATION OF THE WOMB; INCIDENTAL HEMORRHAGE, or Flooding; PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.
I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M. D.,
July 6th, 1854. New Philadelphia, Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and general prostration, and diseases of irritation of the female organs.
D. Y. FOOTE, M. D.,
Syracuse, N. Y.
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon.
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, and your own of the same class, and all will be on an equal footing.
Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected positively by letting farmers alone.
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.

IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended, usually called
Female Complaints.
Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation, and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, suppressed and irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.
I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M. D.,
July 6th, 1854. New Philadelphia, Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D. Y. FOOTH, M. D.,
Syracuse, N. Y.
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use; together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

[illegible] Wisconsin, the child of the ordinance [illegible], is witnessing in its most offensive [illegible] of the Slave Power, in the im[illegible] and fining of two of its free citizens [illegible]—the constructive crime, in man's [illegible] man's pusillanimity—of obeying [illegible] Christ, "do unto others as ye would [illegible] unto you." EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb. 6th, 1855.

I notice that some of the German democratic papers, following the example of those printed in English, are scolding at members, and particularly at Messrs. Schrage and Blazer, (the former a Republican and the latter a democrat,) for voting against the extravagant appropriations for printing documents. If they will but tell their readers that the Assembly, by its action, has saved the State an expense of $15 000 to $20,000, they will be satisfied. But they are very careful *not* to tell their readers of this fact.

Some examination into the figures of the Secretary of State, Report, as to the probable revenue and expenditures, leads to the belief that Mr. Gray has scarcely exhibited as much *fairness* as the people had a right to expect from him, or else that his faith in the earnest endeavors of the Republican *Assembly* to cut down expenses, was very great. Let us see.

His estimate of receipts into the Treasury for 1855 is $288,826,91, this amount including $16,420,66 of arrearages from counties and from Circuit Clerks, which may or may not be received, the probability, judging from the past, being against the payment.

His estimate of the disbursements for 1855 is $253,059,59, thus leaving a balance in Treasury estimated for the year at $35,767,39, but as three items of $8000 are omitted in the footing, those figures should be respectively $261,059 52 and $27,767,39.

Now compare the Secretary's estimates for this year with the actual expenses of last year, as to certain items:

	Estimated,	*Last Year.*
Postage	$2,000	$8 000
Printing	5,000	35 000
Pay of Legislature	13 325	23,067,76
Chief Clerks	3,200	4 500
Stationery	4,000	9,000
Sergeant at Arms & Assistant	0,000	3 500
	$27,525	$83,067,76

The items as here given for postage, printing and stationery for last year, are only approximations, and are *less* than the sums actually paid. We have thus a reduction of expenses as estimated by the Secretary, from last year, on the above items alone, of $55 542,76; so that if these items *were only as large as last year, there would be a deficit* in the Treasury on the 1st Jan. 1856 of $27,785,37, instead of a surplus. It is quite probable that this Legislature *will* reduce some of the expenses, but it is impossible to effect a reduction to the extent named by the Secretary. And, besides, he estimates only $1,000 for accounts coming over from 1854, and nothing for clerk-hire for 1855, whereas we have already bills presented to the amount of over $8,000 under the former head; and as to the latter, there is a new batch of clerks in the school land office to pay, besides extra help in the other offices.

It is important that the people understand these things, because we shall doubtless have the Barstow organ scolding, some of these times, because this Legislature does not keep within the estimates. The compliment paid to the Republican majority in the Assembly is duly appreciated doubtless, but then there is a democratic Senate still, which must share either the blame of waste, or the honor of economical management. It was hardly fair in the Secretary to make such estimates. His hopes of Republican reform must have carried him too far.

In Senate, at the opening this morning, there was no quorum present, and the Sergeant at Arms brought in the absentees.

Petitions &c.

By Messrs. Sutherland and Bowen, sundry accounts.

By Mr Loy, to extend time of collecting taxes in Howard.

Bills introduced.

By Mr. Bowen, 4 appropriation bills.

By Mr. Eldridge, for a state road.

Resolution:

By Mr. Worthington, for the purchase of a Map for the Senate.

Bills passed:

A part of the titles have been sent to you.—Appropriation bills were passed to D. S. Durrie, O. O Buck, L. Silverman, F. O. Blair, A Wheeler & Co., E. G. Patterson, J. A. Hall & Co., W Slightam, G. Barnet, P. L. Mosen. D. Clark, two to A. Kellogg, W. Pynchoen, E. Schum, her, S. M Booth, V. W. Roth. On this last (the seventeenth) of those bills being for some $500, for gold pens, clocks, &c. &c., for the Capitol and for the offices. Mr. Eldridge remarked that he would like to know if this thing was ever to end. He was tired of seeing these bills, piling up in such number as they did.

Mr. Bowen, Chairman of the Committee on Claims, said that he had thought for a long time that the state officers were "going it with a perfect looseness" but how could the Committee help it? These bills came to them properly vouched, and they could not deny the creditors their just dues.

One of the items being *for a gold pen* for the Comptroller, Mr. Harvey raised the point that the Bank Law provided that that officer should furnish his own stationery out of his salary.—To which, the only reply made was that no regard *has been paid to that feature of the law.*

In Assembly, petitions were presented:

By Mr. Davis, for division of Adams Co, and *organization of Lavalle Co.*

By Mr. Randall, of 1000 persons for Liquor Law.

By Mr. Isham, "600 persons for do; Mr. Williston, 242 for do; Mr. Cole, of numerous persons for do; all were referred to the committee.

By Mr. Goodall, the account of S. O. West.

The Speaker *pro. tem*, presented a communication from Mr. Starks, Commissioner of the State Prison, in reply to a resolution of the Assembly, with the contract for the South Wing, &c. It was ordered printed in the Journal.

Messrs. Parker, Cary and Barns, were announced as the select committee on the part of the Assembly to *visit the State Prison, &c.*

Mr. Love presented the petition of some 1500 citizens of Iowa Co, remonstrating against a law submitting the County seat question to the people.

Resolutions:

By Mr. Hull, authorizing the petitioners and remonstrants in the Iowa Co., matter, to appear by attorney before the committee—*adopted*

Bills introduced.

By Mr. Vilas, changing the name of Anna Mosely to Emma Carpenter.

By Mr. Williston, vacating part of plat of Fulton.

By Mr. Gunn, extending time of collecting taxes in Pierce Co,—*passed*.

By Mr. Van Nostrand, amending the Sec 1 Chap. 257 of the laws of 1851

Reports of Committees

Mr. Filer, from Com. on Roads and Bridges.

Mr. Randall, from Judiciary Com. favorably, with amendment, on bill for mechanics' lien—with substitute on bill repealing act for collection of fines, &c—to send the bill for a liquor law to select committee—and favorably, with amendment, on charter of Hesperian Society.

Mr Randall also read from same Committee, a clear, convincing, and eloquent report on the subject of the removal of Prof. Daniels, State Geologist, maintaining that the removal was illegal, and that the Professor has the right to continue the survey, as if it had not been *interrupted.*—The Committee reported a bill to carry out the sentiments of the Report.

The cogent *reasoning, and the general style* of this Report, is a complete vindication of the wisdom of the Speaker, in placing Mr. Randall at the head of the leading committee of the Assembly.

Mr. Hull, after remarking upon the force and point of the document, stated his desire to see it upon the tables of members, and moved to print 500 copies, which was carried, *nem con:*

Assembly went into Committee, Judge Vilas in the chair, and after some time spent therein, rose and ordered engrossed seven bills.

At the time of adjournment, the bill for relief of purchasers of school lands in Milwaukee Co., was under consideration. W. H. W.

Postscript.—I had already closed this letter, when I was informed that, in a paragraph of the letter published in Monday morning's paper, I had made a mistake in relation to the missing Agricultural resolution. After mentioning the appointment of the Assembly Committee on the subject, I then added in a postscript:

(In the course of the morning, the missing resolution suddenly turned up, and came with a message from the Senate.)

I now learn that the resolution thus *sent* in was an *original* Senate resolution, and as the former statement seems to cast suspicion upon Mr. Bugh, the Clerk of the Senate, I make the correction with pleasure. W. H. W.

For the Daily Sentinel.

The Rescue Trials—The Fines.

Sugar Creek, Walworth County, Wis.
February 1, 1855.

Messrs. Editors:—In common, I had almost said, with the *entire community* (excepting *Placemen*,) but certainly in unison with the feelings of a vast majority of the People of this State: I have felt the utmost indignation at the proceedings of the authorities of the State, in the *persecution* of two individuals Booth & Ryecraft.

When I read the sentence pronounced upon those individuals, I believed it was impossible the People of Wisconsin would ever allow Booth and Rycraft *to pay one penny of the fines* imposed. Being persuaded that the *principle* involved in these trials—was a State matter, and not confined to Milwaukee and Racine, I at once determined to assist the good cause—and show that Country Farmers love Freedom as well as the residents of Cities.

My present object in writing to you is to ascertain what will be the effect of the recently granted writ of *Habeas Corpus*, as regards the fine imposed. If it must still be paid, I shall readily *transmit to* you thro' the Post $2. (I am sorry to see the resolutions of the Public Meeting limit the subscription to $1, but having a son approaching manhood, I wish to associate his name with mine in so good a work.)

I shall be happy to receive your reply thro' the 'Sentinel' if more convenient:—as self and brother have been subscribers to that Journal more than three years. Yours

heartily T. F.

(We publish the above in order to comply with the writer's request of answering thro' the *Sentinel*, and at the same time, that what we say may serve as a reply to other letters of like tenor. We presume that the order of our Supreme Court, discharging Messrs Booth and Rycraft from confinement, releases them from all the pains and penalties (the fine and cost included) contemplated by Judge Miller's sentence. But these gentlemen have been subjected to heavy expenses in defending themselves against the prosecutions of the Federal Officers, and the same considerations which we have urged upon our readers, when calling upon them to help pay the fines imposed, apply with not less force to the liquidation of the legal expenses. A public meeting is to be held in this city to-morrow night, in reference to this subject, when no doubt some plan will be matured for laying before the people a reliable statement of all the expenses incurred, and soliciting contributions for their *defrayal from all disposed to aid in the good work.* Our country friends will be able to learn from these proceedings in what form and to what extent their aid will be asked.

Ed. Sentinel.)

☞ Our table is covered with communications and proceedings of public meetings, called out by the recent Rescue Trials in this city. We have not space for one-half of them, but will endeavor to make room for a portion at least. The State is thoroughly aroused on the subject.

La Crosse & Milwaukee R. R. Co.

The annual meeting of the stockholders of the LaCrosse and Milwaukee Railroad Company was held in our city yesterday. The attendance was large, and much interest felt in the proceedings. There were 9310 shares *voted on*, and the following Directors chosen with great unanimity:

Stoddard Judd, Hiram Barber, S L Rose, Byron Kilbourn, *Moses Kneeland, James Ludington*, Wm Dawes, E D Clinton, Moses M Strong, Edwin H Goodrich Edwin Townsend, Samuel T Smith, Hugh McFarlane, Russell S Kneeland, Chase A Stevens.

At a subsequent meeting of the Directors, Stoddard Judd was unanimously re-elected President, Levi Burnett, Secretary, and William Dawes, Treasurer of the Company.

We learn from the officers that the Company have now 51 miles graded and nearly ready for the rails; nine miles of rail laid down and iron *for 34 miles delivered*; one locomotive and 20 platform cars at work on the track; and three other Locomotives nearly ready at the Menomonee Foundry *in this city. They have* successfully maintained their credit in New York during the recent financial crisis. None of their first Mortgage bonds have yet been issued, and they are confident of crossing Rock River with their track by August next. The importance of this enterprize to our city and to the whole region thro' which the road passes cannot be over-estimated.

That Fabrication.—The *Sentinel* would have its readers believe that the outrage at Dr Tracy's did not occur, *because John Doe* and *Richard Roe* did not hear the request of the messenger to have them desist from their hideous noises in front of the house of mourning.—[News of yesterday.

We have repeatedly challenged the *News* to name a single man among the "Hottentots," who heard, and hearing, refused to heed, the messenger from the house of mourning. But the *News shrinks from* this test of the truth or falsehood of its story. And well it may. It cannot name a single man in that vast crowd who was cognizant of, or a party to the "outrage" which it has falsely and maliciously charged upon them. The "wanton fabrication" stands confessed.

☞ Mr. Toots of the *Wisconsin* continues to be sorely exercised in mind at the alarming discovery that there are two Editors of the *Sentinel* and that each thinks for himself. Hence, as Mr. Toots is distressed to remark, each has his opinion, and is apt to express it. This is altogether contrary to Mr. Toots' experience and naturally excites his surprise. Mr. Toots rarely indulges in the luxury of an opinion, or if he does, "it's of no consequence."

Information Wanted of Henry D. Woodruff.—Any person having recollection or knowledge of Henry D. Woodruff, of Wisconsin, whose death in California was published in a recent number of the N. Y. *Tribune*, will confer a great favor by communicating the same to Rev. Mr. Dickson, Johnstown, Rock County, Wisconsin.

Papers in the State please copy.

Robbery at St. Paul.—The banking-house of William Brewster & Co., of St. Paul, was broken into on the night of the 21st ult., and robbed of $4,700 in cash. The firm offer $500 reward for the arrest of the thief and recovery of the money.

Iowa.—The Legislature of Iowa adjourned on the 26th ult. They passed a law submitting the question of a Constitutional Convention to the people, a Prohibitory Liquor Law was also passed, which is likewise to be submitted to the pupular vote. P. Moriarty, Esq., of the Jackson County *Press*, has been chosen State Printer for the next two years.

"The Independent."—Such is the appropriate name of a very handsomely printed Weekly paper just started at Portage, Columbia County, by J. A. and J. O. Chandler. We learn, from its well-written introductory article, that the *Independent* will be an uncompromising opponent of Slavery and as the most effectual means of exerting that opposition, will heartily support the Republican movement. So speeds the good work. Within six months past a dozen Republican papers have been established in different parts of this State, and are now zealously enlisted in the advocacy of Republican principles. Every *day adds to the strength of that sentiment in* Wisconsin. The rule of Doughface Democracy in this Free State is gone, never to return.

We recommend the *Independent* to our Merchants, Business men and others, who wish to keep posted up about matters in that section of our flourishing State, or who desire to avail themselves of its columns to advertise their wares among the thrifty farmers of Columbia County.

Three Hundred People in a Snow Bank.

THE INCIDENTS OF A WEEK.

The Cars stuck fast at Night—Out of Wood in the morning, and passengers begin to cut up the Baggage Car—*Out of Food*, and begin to eat Oysters without Pepper or Salt—The Storm sweeps furiously over the wide and desolate Prairie, with no cheerful object in sight—Children cry for Food—Tobacco in great demand—Assistance sent for and obtained—Members of the Legislature anxious to be at Springfield—the Famine increases—Inadequate Supplies—Sing Hymns to keep up their Spirit.—Days elapse and Patience at a Premium—Dug out at last.

We gave a brief account on Monday week of the previous Wednesday morning train for the South on the Chicago and Mississippi Railroad having been stuck in the snow drifts ten miles this side of Pontiac. There was a large number of passengers in the train, and while no real alarm was felt for their ultimate safety, considerable *anxiety was felt* by their friends in view of the inconveniences and hardships to which they would be subjected before they could be extricated from their unpleasant predicament. We are happy now to have it in our power to present full details of their subsequent trials. Our contemporary of of the Kankakee *Gazette*, fortunately for the future historian, hapened to be one of the number, and he has furnished a most graphic and amusing journal of incidents from day to day, which we give below. A volume of such would make one of the most saleable books of the season.

Chicago & Mississippi R. R. on Grand *Prairie, in a snow drift, 9 o'clock at* Night.

Thursday, Jan. 25, 1855.

We have ever been an admirer of the Prairies, and if there were any thing wanting to perfect that admiration, it may, perhaps, be found in a snow tempest on them, unable to move—cold, hungry, and sleepless.

On Thursday January 25th, after waiting for the cars 24 hours at Wilmington, the sound of the whistle announced their arrival, and we embarked, expecting that a few hours would put us in the city of Springfield. As we ran out upon Grand Prairie, southward, we now and then encountered snow-drifts, but with the assistance of shovels and a sturdy set of men to handle them, we were enabled to cut through. The wind increasing and growing cold, and banks of snow were rapidly forming, and our progress became slower and slower, until after having passed a few miles beyond Dwight's Station, when it became necessary for the gentlemen passengers to get out of the cars and assist in getting through some of the heavier drifts, as one of the cars broke their connecting irons and separated. After some *delay* they were chained together, and we started onward. At about sunset we had become so deeply imbedded in a snow drift that we could move no further. The engines were detached and made their way to the next station, three miles distant, with wood and water almost entirely exhausted.

One *of the engines* being somewhat disabled was abandoned. At 9 o'clock at night the storm and tempest had increased to such a pitch that all hope of being able to proceed further this night was given up, and arrangements were made to make the passengers as comfortable as the circumstances would admit. Having but little fuel on board, and no timber within several miles the prospect was somewhat gloomy; 350 persons on board the cars.

3 O'clock Friday Morning.

Wood all gone. Commenced breaking up the seats and other portions of the cars for fuel.—Passengers crowding around the stoves, shivering with cold.

Sunrise.—We behold ourselves in the midst of a vast ocean of Prairie, wild and stormy—our windows covered with a thick glazing of ice, and the snow driven into the *cars at every crevice.* Passengers gazing upon each other with anxious faces. The cold and storm too severe to venture far from the cars; one or two houses seen miles distant; no wood or timber in sight.

9 o'clock, a. m.—Signals of distress. Messengers gone out to communicate our condition to *the nearest dwellings*. Express agents commenced breaking open boxes and distributing cans of oysters. Gentlemen and ladies cooking, by cutting open one side of cans and setting them on the stoves—nothing—even pepper or salt—to eat with them.

12 o'clock, a. m.—Passengers thirsty—no water—oyster cans cleansed with snow, then filled with the same and placed on the stove to procure water to drink.

1 o'clock, a. m.—Two men, thoroughly muffled in blankets, appeared on horseback, *inquiring* into our condition, and left on full gallop to provide assistance. Found a few railroad ties to cut up for wood. The inside of one car, seats and partitions, burned up to keep warm. Conductor directed the passengers to begin with the poorest car and destroy it for fuel, and then the next, rather than suffer with cold.

3 o'clock.—Children crying *for* food—some crackers and cheese arrive, and met a joyful reception. Each one, with a handful of crackers, a short allowance of cheese, and many unable to get any.

4 o'clock, p. m.—More provisions, but not sufficient for each. Divided among the ladies and children first. One lady treated with partiality, having a slice of bread and a piece of meat fried nearly black, which is an extra portion. Engines gone and *frozen up. Men gone in different* directions in pursuit of dwellings. Our numbers reduced, deer seen on the prairie—one man gone in pursuit. Conductor reports that he can do nothing more towards advancing us on our journey—appears in great distress and anxiety. Two men from the country arrive with teams. The *members of the Legislature* making large offers to be taken by teams to Bloomington. One teamster offers to take a load to Pontiac (13 miles) for ten dollars apiece—some started on foot; arrangements were made for another gloomy night on the cars; efforts to make the ladies and children comfortable as possible; the fires in two of *the cars put out, and the passengers crowd* into the remainder for greater warmth; an attempt made to haul one car, by oxen, back to Dwight station, six miles, but failed; much complaining among the passengers.

Saturday morning, 9 o'clock—Conductor distributing some broken fragments of bread and *fried cakes among the passengers, no* person allowed to take more than one piece; sent for more provisions. Great sympathy felt for the passengers' money by several who have arrived at various times, reminding us of the not noted "wreckers." Nearly everything purchased, paid for at exorbitant rates. Passengers at work shoveling snow, many who have left the cars are severely frozen. Members of the Legislature very anxious to reach Springfield; offering almost any terms that may be demanded, to enable them to reach Bloomington; no teamsters willing to risk it; have been out in the midst of the tempest at various places to find teams, but failed.

Cigars nearly gone; gentlemen smoking very carefully the last end until it burns their lips.

Gentlemen begging tobacco to chew; are shown little wads of it carefully and economically saved, and are *unwilling to divide*.

1 o'clock, p. m.—No dinner; started myself for Dwight station on foot; there found a dinner prepared, refreshed myself and started on foot for Wilmington, 20 miles distant. Three others joined me; met two engines from Joliet about three miles from Dwight, in search of our party; took us on board and ploughed through the snow drifts, being well stocked with wood and provisions; arrived at Dwight again about 7 o'clock; *great excitement* among the passengers who had arrived at Dwight station, at the appearance of the engines. Prepared with an additional supply of wood and water, started for the scene of distress; great joy on board the cars; we are soon extricated from the snow drift and returned to Dwight station.

Supper prepaired, and the passenger were seated once more, after a long interval, to a supper table. The place affording no lodgings for the passengers, we again retired to the car for the night. The plough engines went on to break through to Bloomington. An extra locomotive coming from Joliet loaded with provisions, we undertook to follow the plough engine off the track in a deep snow drift.

12 o'clock at night—Cars returned to Dwight station; storm raging again.

Sunday *morning.*—The track north and south again completely closed, engines unable to move in either direction; passengers appear gloomy; provisions at the station scanty, some of the passengers destitute of money; provision made for them; a great deal of uneasiness and excitement among the passengers.

Sunday Evening.—Excitement somewhat allayed; commenced singing familiar hymns; passengers all animated with the music.

Two sleighs with provisions from Morris, 20 miles distant; *no prospect of being able to leave* for several days at least. A few of the passengers found rooms in private families, but nearly all remain on board the cars.

Monday Morning, 9 o'clock.—Members of the Legislature making arrangements at extravagant prices to go through to Bloomington by sleighs, charges twenty-five cents per mile, two sleigh loads leave; a quarter of an hour later and all return; teams unable to proceed; the members determining to proceed on foot; dissuaded from it; efforts to procure other teams.

Papers of tobacco found; smokers boring out cobs, making a large hole at one end for the tobacco, and whittling down the other to put in their mouth, in place of a cigar, which elevates them almost to ecstacies.

Tuesday Morning.—Members of the Legislature *determine* to make arrangements *to proceed* on foot; at 9 o'clock a four horse sleigh arrives for them; ten members left in the sleigh for Bloomington; snow one and a half to two feet deep on a level; some of the passengers are sad at parting from their friends under such gloomy circumstances; engineers making arrangements to cut through the snow-drifts, intending to leave some of the passengers unwell for want of sleep, and other comforts of life.

Wednesday Morning.—One engine and car start *for* the north with men and shovels and such passengers as wish to return, and endeavor to cut through to Wilmington, twenty miles; after hard labor reach a heavy drift at sunset within six miles of that place; they return fatigued to Dwight Station.

Thursday Morning, 6 o'clock.—Start again for the north; 9 o'clock discover an engine from the north coming to rescue us; at 11 o'clock, cut through; engines meet and return with great joy to Wilmington; the citizens greet our arrival; road open to Joliet, the train continues its journey, and we bid "friends in our mirth—friends in our misery *too*," a kind farewell. After enjoying the cordial welcome of a very kind family for an hour or two, we stepped on board of a sleigh with a friend and reached our home at Kankakee City at about 7 o'clock, and took a bed, the first time for one week.

CITY MATTERS.

Milwaukee Female College.

There will be a meeting of Trustees this morning at 10 o'clock, at the office of W. P. Flanders Esq.

The members of the Board are requested to attend, as business of *importance will be brought* before them.

Police Court—Feb. 7.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE.

The case of the state vs. Richard O'Mealy was called, and there being no appearance on the part of the prosecution, the defendant was dismissed.

Two warrants were issued against Patrick Whelan and James Rourke, one charging them with having threatened to burn the barn of Messrs. Merrick and Flanders; another warrant charging them with assault and battery upon John McCrossin.

Work for the Legislature.—Under the law for punishing assault and battery, Sec. 28, chap. 29 R. S., it is made the duty of the Police Justice or other magistrate, to punish the offender "by fine not less than five dollars, nor more than fifty dollars, according to the nature of the offence;" and if the party fined has not the means to pay it, he is committed to jail until it is paid; but under Sec. 21 chap. 153 R. S, he may at *the end* of six months be discharged; *but in less than six months he cannot be discharged.* There may be cases, there have been cases, in which a man fined five dollars for an assault and battery, but technically made out, perhaps a laboring man with a large family, is unable to pay five dollars, is sent to jail, and under our law, must lay there *six months* before he can be discharged. The magistrate cannot imprison him for a few days, he must fine, he cannot imprison; the language of the statute is imperative. But if a man of property or means, is found guilty of an assault and battery, and is fined to the extent of the law, fifty dollars, the latter throws down his check with disdain, and goes home while the former is incarcerated for six months. This is the existing law, should it not be changed? Why not give the magistrate power *to imprison* or fine as he thinks proper? The cost of keeping a man in jail six months, who is unable to pay a fine of five dollars, is a tax upon the county of Milwaukee, for his board alone, of fifty-two dollars, besides the injustice to the defendant. It is sometimes said, and indeed has been remarked, in opposition to the above suggestion, that if a *poor man* was imprisoned for five dollars, and it appeared hard or unjust for him to be kept in jail so long a time for a trifling offence, that there is generosity *enough in the community* to pay his fine for him and set him free. Such a feeling is commendable in any community, but where is the guarantee of its being exercised? There is a saying older than Columbus—"be just before you're generous," and there is a principle that we are trying here to see properly provided for—that every American citizen, be he never so humble, is entitled to *justice*, full and fair, at the hands of the legislature, and should never be made the subject of a capricious or whimsical generosity to release him from a prison. Another feature in the law is, that whether the man is fined five, or fifty dollars, whether the crime *is simple or aggravated*, the imprisonment, if the fine is not paid, is the same.

Two men were arrested by Peter for violating the bridge ordinance in driving faster than a walk across Walkers Point Bridge, the parties paid the penalty without suits.

Patrick Whelan and James Rourke were arrested and brought into court, and their case set down for this morning at 10 o'clock.

High Rents—Scarcity of Houses.—Complaints begin to be heard, among house-hunters, that very few unoccupied or unengaged dwellings are to be found in our city, and that landlords are very stiff in regard to rents for next year. *It is* an undoubted fact that good, comfortable dwelling houses command very high rents, and cannot easily be secured on any terms. There is already a want of house-room in our city, and as the coming Spring and Summer will very surely bring large accessions to our population, this want will become daily more urgent. Real Estate owners may ponder these facts and decide whether it is not worth their while to improve some of their vacant lots by putting up comfortable tenements.

Arrested for Stealing.—A German girl named Adelaide ——— was arrested yesterday morning by Under Sheriff Beck and committed to jail for stealing, some time since, a quantity of Lace and Ladies Embroideries of the value of $20. The girl had been in the employ of Mr. Levy, and the property was stolen from him, in his dwelling house, which makes it, if proved, a State Prison offense. The girl is young, and if a house of Refuge was in operation might be reformed, but where is her chance in a State Prison, under the *silent* system?

Horse Thief Caught.—A young man who gives his name as Thomas Rainbow, was arrested late on Tuesday night, and taken to jail by Sheriff Conover and his deputies, for stealing a Horse and Cutter from Lewis & Loomis, Livery Stable keepers, in Chicago. The horse was hired we understand from the owners, on Monday for a few hours, and the arrested man, made for this place, *representing* that *he* was the owner of it. The information arrived here at 8 o'clock P. M., on Tuesday, and by 10 o'clock the same night, the *thief* was *arrested* and in jail. It is said, no matter how "wasteful and ridiculous" it will appear, that "another hue was added to the rainbow" when the Sheriff *informed him of his* business. He will be sent or taken back to Chicago as well as the property reclaimed.

Public Ball.—Mr. Sargeant's Ball, given at Treat's Hall on Tuesday evening, was considered one of the greatest *treats* of the season. The music of Sargeant's band is spoken of as excellent. He continues to supply music for parties or balls on the shortest notice and most favorable terms.

Festival at Oak Creek.—The Festival at the Congregational Church, Oak Creek, on Tuesday evening, was largely attended and entirely successful. The edifice was handsomely decorated, a sumptuous entertainment provided for the Company, addresses made by the Rev. Mr. Miter and Messrs. Holton and Booth, of this city, and the evening pleasantly and profitably spent.

A Handsome Span of Horses.—Mr. B. F. Arnold, sub-contractor on the La Crosse and Milwaukee R. R., is the fortunate owner of the handsomest span of horses we have seen in this State. They are bright bay, with black manes and tails, full brothers of the Morgan stock, 6 and 7 years old this coming Spring, and were raised in Chittenden County, Vermont. The way they take a sleigh along over the smooth snow, is a sight to see.

Fourth Ward.—The City Marshal desires us to say, in answer to the complaint of "Spring Street" in yesterday's *Sentinel*, that he has not noticed any of the obstructions of which the writer complains, nor can he find on enquiry, that others have. But if the writer will make his complaint directly to the Marshal, and point out those obstructions, the Marshal will attend to the matter forthwith.

Old America Parties.—Old America held another dancing party on Tuesday evening, in *Concert Hall*, which as usual was well attended and much enjoyed. Old America will give three more during the present winter.

A Grand Salute.

The friends of human liberty fired a National Salute in this city yesterday, in honor of the Supreme Court of Wisconsin. The decision of the Court, declaring the Fugitive Slave Law unconstitutional, will be hailed with joy from Maine to California.

Man hunting will be kidnapping in this State until this decision of the State Supreme Court shall have been reversed by the U. S. Supreme Court.—[Racine Advocate

The Rail Road Blockade at Chicago.

From the Dem Press Feb. 6.

Good progress has been made in opening the railroads since Saturday evening. The Chicago and Milwaukee, Galena and Chicago Union, Chicago and Rock Island, Michigan Southern and Michigan Central, are all right, and trains are running as usual.

Illinois and Wisconsin.—The train on this road penetrated as far as Elk Grove yesterday. The road will be all right this morning.

Galena Air Line.—We are still without any news. *Can't "guess"* when the road will be opened.

Chicago and Aurora.—No news. Road still safely blocked up.

Chicago and Mississippi.—No definite news. Mr. Darling, the agent, says they hope to be through to-day or to-morrow. For some *chilling* experience on this road *we refer our readers to an* article from the Kankakee *Gazette* in another column.

Illinois Central.—Col. Mason telegraphed from Lasalle yesterday, that he expected to get a train through to-morrow. The Chicago Branch is all blocked up.

We are done "hoping" for better times, and shall content ourselves to make a note of them for the benefit of our readers when they make their appearance.

The New Albany and Salem Railroad.—This road was blocked up for the greater part of last week. It is now all right. Passengers who left Lafayette on Sunday morning at ten o'clock arrived here at one o'clock on Monday morning. The train for Indianapolis and Cincinnati will leave the Michigan Central depot this morning as usual.

Theresa—Bodies Found.—We are credibly informed that the bodies of the two little boys named Gotiza, who were lost on the 12th ult., have been discovered, after being in the water over two weeks. They had returned from school, and their mother had *given them* permission to go on to the large tamarac swamp, flooded by the dam of Mr. Solomon Juneau, to gather gum, where they were drowned. Diligent search was made for a few days without avail, at length their bodies were *found* within a few feet of each other, in the swamp above named.—*Horicon Argus, Feb. 2.*

Frozen to Death.—On Saturday morning last, a young man named Wm. McOmber, was found frozen to death, on the farm of John M'Gee, Esq., in this County. Esq. Treadway, was called upon to dispose of the body, who learned that the deceased's friends lived at Eagle, where the body was sent for interment. The young man was not of the strictest moral habits and it is thought that whiskey had something to do with his death.—[*Waukesha Democrat.*

Part of Two Rivers Pier gone.—During the severe storm of last week about 80 feet of Aldrich, Smith & Co.'s large pier at Two Rivers was carried away, with about 15,000 feet of lumber belonging to Capt. J. M. Sprague. The loss to the parties concerned is of small consequence, but the want of Pier room in the spring may be felt.—[Manitowoc Herald.

☞ The *New Orleans Bulletin trembles* at the prospect of Mr. Seward's election to the Senate. If he is made Senator, the Bulletin thinks he will be made President, and then—"the destiny of this Union is inevitably sealed." The Bulletin is in a bad way, and will be none the worse for a mild course of medicine.—[Boston Atlas.

The Emigrant Agency Abolished.—The bill abolishing the Wisconsin Emigrant Agency has passed the Legislature almost unanimously, and the *Wisconsin says*, has received the signature of the Governor. It passed the Assembly by a vote of 75 to 5 and the Senate by a vote of 22 to 2. Good! The State has paid during the past three years $11,400 to keep up this agency, from which there has never been one dollar's worth of benefit. Reform is in the ascendancy.—[Potosi Republican, (dem.)

New County.—It is proposed to create a new county by dividing the county of Adams by the Wisconsin river, and *forming the portion west of* that stream into a new county to be called La Valle. Mr. Davis of the Assembly introduced a large number of petitions in favor of the division yesterday.—[Madison Journal.

Cheering News!—By reference to another column, it will be seen that Hon. CHARLES DURKEE has been elected U. S. Senator for Wisconsin, in place of Isaac P. Walker, whose term expires on the 4th of March next. This is truly good news. Nine cheers, say we, for the glorious fifty-four!—[Fox Lake Times.

Heavy Pork.—We are credibly informed, that A. R. Ewbanks, of Charlotte, in this County, the 27th of January last, butchered 5 hogs, the heaviest weighing 493 pounds,—the total weight of the five was 2290 pounds. They *were of one* litter and 22 months old.—[Grant Co. Herald.

A Good Shot.—Lord John Russell says that there is one bit of truth in the Austrian treaty, and that is at the end, where the name of the representative of England is coupled with the words *"Done* at Vienna."—[Punch.

Kansas Election.—We learn from a private source that the election of members of the Kansas Legislature will take place upon the 23rd March.—[Boston Atlas.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to Insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimate than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished *his own worldly comforts during* life.

If young, the annual payment will be light, and if insured *with profits*, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issue, *should insure.*

The farmer who has *still a mortgage on his farm, should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

HENRY FOWLER, Justice of the Peace.

All that have property to Insure, will please inspect and scrutinize the preceding reliable expose of this old and long tried Corporation. For usefulness, security and promptitude, it has ever stood first in its line of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it. The statement is so prepared any one can contrast its condition with local and State Insurance office, if so disposed. Its investments are of that solid character as not to be materially affected by the late depression in that class of assets.

The increase of its capital stock to $500,000, is a bona fide investment for the pledge and security of its policies.

The necessity and real benefits of insurance are well exemplified in the fact the company has paid cash losses during the past year, at its Western Branch office alone, in Cincinnati, to the sum of $246,509 46, most of which has been paid considerably in advance of the time legally due, *and it has had no suit or litigation. If all or any of* these facts are inducements to the continuance of its valuable patronage, or its increase, they will find its agents ever ready to attend to the demands of business as heretofore, with promptitude, at as favorable rates and terms, as security to all permits.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb. 6th, 1855.

I notice that some of the *German* democratic papers, following the example of those printed in English, are scolding at members, and particularly at Messrs. Schruge and Blaizer, (the former a Republican and the latter a democrat,) for voting against the extravagant appropriations for printing documents. If they will but tell their readers that the Assembly, by its action, has saved the State an expense of $15 000 to $20,000, they will be satisfied. But they are very careful *not* to tell their readers of this fact.

Some examination into the figures of the Secretary of State, Report, as to the probable revenue and expenditures, leads to the belief that Mr. Gray has scarcely *exhibited* as much *fairness* as the people had a right to expect from him, or else that his faith in the earnest endeavors of the *Republican Assembly* to cut down expenses, was very great. Let us see.

His estimate of receipts into the Treasury for 1855 is $288,826,91, this amount including $16,420,66 of arrearages from counties and from Circuit Clerks, which may or may not be received, the probability, judging from the past, being against the payment.

His estimate of the disbursements for 1855 is $253,059,59, thus leaving a balance in Treasury estimated for the year at $35,767,39, but as three items of $8000 are omitted in the footing, these figures should be respectively $261,059 52 and $27,767,39.

Now compare the Secretary's estimates for this year with the actual expenses of last year, as to certain items:

	Estimated,	*Last Year.*
Postage	$2,000	$8 000
Printing	5,000	35 000
Pay of Legislature	13 325	23,067,76
Chief Clerks	3,200	4 500
Stationery	4,000	9,000
Sergeant at Arms & Assistant	0,000	3 500
	$27,525	$83,067,76

The items as here given for postage, printing and stationery for last year, are only approximations, and are *less* than the sums actually paid. We have thus a reduction of expenses as estimated by the Secretary, from last year, on the above items alone, of $55 542,76; so that if these items were only *as large* as last year, there would be a *deficit* in the Treasury on the 1st Jan. 1856 of $27,785,37, instead of a surplus. It is quite probable that this Legislature *will* reduce some of the expenses, but it is impossible to effect a reduction to the extent named by the Secretary. And, besides, he estimates only $1,000 for accounts coming over from 1854, and nothing for clerk-hire for 1855, whereas we have already bills presented to the amount of over $8,500 under the former head; and as to the latter, there is a new batch of clerks in the school land office to pay, besides extra help in the other offices.

It is important that the people understand these things, because we shall doubtless have the Barstow organs scolding, some of these times, because this Legislature does not keep within the estimates. The compliment paid to the Republican majority in the Assembly is duly appreciated doubtless, but then there is a democratic Senate still, which must share either the blame of waste, or the honor of economical management. It was hardly fair in the Secretary to make such estimates. His hopes of Republican reform must have carried him too far.

In Senate, at the opening this morning, there was no quorum present, and the Sergeant at Arms brought in the absentees.

Petitions &c.

By Messrs. Sutherland and Bowen, sundry accounts.

By Mr. Loy, to extend time of collecting taxes in Howard.

Bills introduced.

By Mr. Bowen, 4 appropriation bills.

By Mr. Eldridge, for a state road.

Resolution:

By Mr. Worthington, for the purchase of a Map for the Senate.

Bills passed:

A part of the titles have been sent to you.—Appropriation bills were passed to D. S. Durrie, O. C. Buck, L. Silverman, F. O. Blair, A Wheler & Co., E. G. Patterson, J. A. Hall & Co., W. Slightam, G. Barost, P. L. Mosin, D. Clark, two to A. Kellogg, W. Pynchoen, E. Schumacher, S. M. Booth, V. W. Roth. On this last (the seventeenth) of those bills being for some $300, for gold pens, clocks, &c. &c., for the Capitol and for the offices. Mr. Eldridge remarked that he would like to know if this thing was ever to end. He was tired of seeing these bills, piling up in such number as they did.

Mr. Bowen, Chairman of the Committee on *Claims, said that he had thought for a long time* that the state officers were "going it with a perfect looseness" but how could the Committee help it? These bills came to them properly vouched, and they could not deny the creditors their just dues.

One of the items being *for a gold pen* for the Comptroller, Mr. Harvey raised the point that the Bank Law provided that that officer should furnish his own stationery out of his salary.—To which, the only reply made was that no regard *has been paid to that feature of the law.*

In Assembly, petitions were presented:

By Mr. Davis, for division of Adams Co., and *organization of Lavalle Co.*

By Mr. Randall, of 1000 persons for Liquor Law.

By Mr. Isham, "600 persons for do; Mr. Williston, 242 for do Mr. Cole, of numerous persons for do; all were referred to the committee.

By Mr. Goodall, the account of S. O. West.

The Speaker *pro. tem.* presented a communication from Mr. Starks, Commissioner of the State Prison, in reply to a resolution of the Assembly, with the contract for the South Wing, &c. It was ordered printed in the Journal.

Messrs. Parker, Cary and Barns, were announced as the select committee on the part of the Assembly *to visit the State Prison, &c.*

Mr. Love presented the petition of some 1390 citizens of Iowa Co., remonstrating against a law submitting the County seat question to the people.

Resolutions:

By Mr. Hull, authorizing the petitioners and remonstrants in the Iowa Co., matter, to appear by attorney before the committee—*adopted.*

Bills introduced:

By Mr. Vilas, changing the name of Anna Mosely to Emma Carpenter.

By Mr. Williston, vacating part of pla of Fulton.

By Mr. Gunn, extending time of collecting taxes in Pierce Co.,—*passed.*

By Mr. Van Nostrand, amending the Sec. 1 Chap. 257 of the laws of 1851.

Reports of Committees:

Mr. Filer, from Com. on Roads and Bridges. Mr. Randall, from judiciary Com. favorably, with amendment, on bill for mechanics' lien—with substitute on bill repealing act for collection of fines, &c.—to send the bill for a liquor law to select committee—and favorably, with amendment, on charter of Hesperian Society.

Mr. Randall also read from same Committee, a clear, convincing, and eloquent report on the subject of the removal of Prof. Daniels, State Geologist, maintaining that the removal was illegal, and that the Professor has the right to continue the survey, as if it had not been *interrupted.*—The Committee reported a bill to carry out the sentiments of the Report.

The cogent reasoning, and the general style of this Report, is a complete vindication of the wisdom of the Speaker, in placing Mr. Randall at the head of the leading committee of the Assembly.

Mr. Hull, after remarking upon the force and point of the document, stated his desire to see it upon the tables of members, and moved to print 500 copies, which was carried, *nem. con.*

Assembly went into Committee, Judge Vilas in the chair, and after some time spent therein, rose and ordered engrossed seven bills.

At the time of adjournment, the bill for relief of purchasers of school lands in Milwaukee Co., was under consideration.

POSTSCRIPT.—I had already closed this letter, when I was informed that, in a paragraph of the letter published in Monday morning's paper, I had made a mistake in relation to the missing Agricultural resolution. After mentioning the appointment of the Assembly Committee on the subject, I then added in a postscript:

(In the course of the morning, the missing resolution suddenly turned up, and came with a message from the Senate.)

I now learn that the resolution thus sent in was an *original* Senate resolution, and as the former statement seems to cast suspicion upon Mr. Bugh, the Clerk of the Senate, I make the correction with pleasure.

The Rescue Trials—The Fines.

SUGAR CREEK, Walworth County, Wis. }
February 3, 1855. }

MESSRS. EDITORS:—In common, I had almost said, with the *entire community,* (excepting *Placemen,*) but certainly in unison with the feelings of a vast majority of the People of this State: I have felt the utmost indignation at the proceedings of the authorities of the State, in the *persecution* of two individuals Booth & Ryecraft.

When I read the sentence pronounced upon these individuals, I believed it was impossible the People of Wisconsin would ever allow Booth and *Ryecraft to pay one penny of the fines* imposed. Being persuaded that the *principle* involved in these trials—was a State matter, and not confined to Milwaukee and Racine, *I at* once determined to assist the good cause—and show that Country Farmers love Freedom as well as the residents of Cities.

My present object in writing to you is to ascertain what will be the effect of the recently granted writ of *Habeas Corpus,* as regards the fine imposed. If it must still be paid, I shall readily transmit to you thro' the Post $2. (I am sorry to see the resolutions of the Public Meeting limit the subscription to $1, but having a son approaching manhood, I wish to associate his name with mine in so good a work.)

I shall be happy to receive your reply thro' the 'Sentinel' if more convenient:—as self and brother have been subscribers to that Journal more than three years.

Yours heartily T. F.

(We publish the above in order to comply with the writer's request of answering thro' the *Sentinel,* and at the same time, that what we say may serve as a reply to other letters of like tenor. We presume that the order of our Supreme Court, discharging Messrs. BOOTH and RYCRAFT from confinement, releases them from all the pains and penalties (the fine and cost included) contemplated by Judge MILLER'S sentence. But these gentlemen have been subjected to heavy expenses in defending themselves against the prosecutions of the Federal Officers, and the same considerations which we have urged upon our readers, when calling upon them to help pay the fines imposed, apply with not less force to the liquidation of the legal expenses. A public meeting is to be held in this city to-morrow night, in reference to this subject, when no doubt *some plan* will be matured for laying before the people a reliable statement of all the expenses incurred, and soliciting contributions for their *defrayal from all disposed to aid in the good work.* Our country friends will be able to learn from these proceedings in what form and to what extent their aid will be asked.

ED. SENTINEL.)

☞ Our table is covered with communications and proceedings of public meetings, called out by the recent Rescue Trials in this city. We have not space for one-half of them, but will endeavor to make room for a portion at least. The State is thoroughly aroused on the subject.

La Crosse & Milwaukee R. R. Co.

The annual meeting of the stockholders of the LaCrosse and Milwaukee Railroad Company was held in our city yesterday. The attendance was large, and much interest felt in the proceedings. There were 9310 shares voted on, and the following Directors chosen with great unanimity:

Stoddard Judd, Hiram Barber, S L Rose, Byron Kilbourn, *Moses Kneeland, James Ludington,* Wm Dawes, E D Clinton, Moses M Strong, Edwin H Goodrich, Edwin Townsend, Samuel T Smith, Hugh McFarlane, Russell S Kneeland, Chase A Stevens.

At a subsequent meeting of the Directors, STODDARD JUDD was unanimously re-elected President, LEVI BLEKETT, Secretary, and WILLIAM DAWES, Treasurer of the Company.

We learn from the officers that the Company have now 51 miles graded and nearly ready for the rails; nine miles of rail laid down and iron *for 34 miles delivered;* one locomotive and 20 platform cars at work on the track; and three other Locomotives nearly ready at the Menomonee Foundry *in this city. They have successfully* maintained their credit in New York during the recent financial crisis. None of their first Mortgage bonds have yet been issued, and they are confident of crossing Rock River with their track by August next. The importance of this enterprize to our city and to the whole region thro' which the road passes cannot be over-estimated.

THAT FABRICATION.—The *Sentinel* would have its readers believe that the outrage at Dr. Tracy's did not occur, because John Doe and Richard Roe did not hear the request of the messenger to have them desist from their hideous noises in front of the house of mourning.—[News of yesterday.

We have repeatedly challenged the *News* to name a single man among the "Hottentots," who heard, and hearing, refused to heed, the messenger from the house of mourning. But the *News shrinks from this test of the truth or falsehood of its story.* And well it may. It cannot name a single man in that vast crowd who was cognizant of, or a party to the "outrage" which it has falsely and maliciously charged upon them. The "wanton fabrication" stands confessed.

☞ Mr. TOOTS of the *Wisconsin* continues to be sorely exercised in mind at the alarming discovery that there are two Editors of the *Sentinel* and that each thinks for himself. Hence, as Mr. Toots is distressed to remark, each has his opinion, and is apt to express it. *This is altogether* contrary to Mr. Toots' experience and naturally excites his surprise. Mr. TOOTS rarely indulges in the luxury of an opinion, or if he does, " it's of no consequence."

INFORMATION WANTED OF HENRY D. WOODRUFF.—Any person having recollection or knowledge of HENRY D. WOODRUFF, of Wisconsin, whose death in California was published in a recent number of the N. Y. *Tribune,* will confer a great favor by communicating the same to Rev. Mr. DICKSON, Johnstown, Rock County, Wisconsin.

ROBBERY AT ST. PAUL.—The banking-house of William Brewster & Co., of St. Paul, was broken into on the night of the 21st ult., and robbed of $4,700 in cash. The firm offer $500 reward for the arrest of the thief and recovery of the money.

IOWA.—The Legislature of Iowa adjourned on the 26th ult. They passed a law submitting the question of a Constitutional Convention to the people; a Prohibitory Liquor Law was also passed, which is likewise to be submitted to the popular vote. P. Moriarty, Esq., of the Jackson County *Press,* has been chosen State Printer for the next two years.

"THE INDEPENDENT."—Such is the appropriate name of a very handsomely printed Weekly paper just started at Portage, Columbia County, by J. A. and J. O. CHANDLER. We learn, from its well-written introductory article, that the *Independent* will be an uncompromising opponent of Slavery and as the most effectual means of exerting that opposition, will heartily support the REPUBLICAN movement. So speeds the good work. Within six months past a dozen Republican papers have been established in different parts of this State, and are now zealously enlisted in the advocacy of Republican principles. *Every day adds to the strength of that sentiment in* Wisconsin. The rule of Doughface Democracy in this Free State is gone, never to return.

We recommend the *Independent* to our Merchants, Business men and others, who wish to keep posted up about matters in that section of our flourishing State, or who desire to avail themselves of its columns to advertise their wares among the thrifty farmers of Columbia County.

Three Hundred People in a Snow Bank.

THE INCIDENTS OF A WEEK.

The Cars stuck fast at Night—Out of Wood in the morning, and passengers begin to cut up the Baggage Car—*Out of Food,* and begin to eat Oysters without Pepper or Salt—The Storm sweeps furiously over the wide and desolate Prairie, with no cheerful object in sight—Children cry for Food—Tobacco in great demand—Assistance sent for and obtained—Members of the Legislature anxious to be at Springfield—the Famine increases—Inadequate Supplies—Sing Hymns to keep up their Spirits—Days elapse and Patience at a Premium—Dug out at last.

We gave a brief account on Monday week of the previous Wednesday morning train for the South on the Chicago and Mississippi Railroad having been stuck in the snow drifts ten miles this side of Pontiac. There was a large number of passengers in the train, and while no real alarm was felt for their ultimate safety, considerable anxiety was felt by their friends in view of the inconveniences and hardships to which they would be subjected before they could be extricated from their unpleasant predicament. We are happy now to have it in our power to present full details of their subsequent trials. Our contemporary of of the Kankakee *Gazette,* fortunately for the future historian, hapened to be one of the number, and he has furnished a most graphic and amusing journal of incidents from day to day, which we give below. A volume of such would make one of the most saleable books of the season.

Chicago & Mississippi R. R. on Grand Prairie, *in a snow drift,* 9 o'clock at Night.

Thursday, Jan. 25, 1855.

We have ever been an admirer of the Prairies, and if there were any thing wanting to perfect that admiration, it may, perhaps, be found in a snow tempest on them, unable to move—cold, *hungry, and sleepless.*

On Thursday January 25th, after waiting for the cars 24 hours at Wilmington, the sound of the whistle announced their arrival, and we embarked, expecting that a few hours would land us in the city of Springfield. As we ran out upon Grand Prairie, southward, we now and then encountered snow-drifts, but with the assistance of shovels and a sturdy set of men to handle them, we were enabled to cut through. The wind increasing and growing cold, and banks of snow were rapidly forming, and our progress became slower and slower, until after having passed a few miles beyond Dwight's Station, when it became neccessary for the gentlemen passengers to get out of the cars and assist in getting through some of the heavier drifts, as one of the cars broke their connecting irons and separated. After some *delay* they were chained together, and we started onward. At about sunset we had become so deeply imbedded in a snow drift that we could move no further. The engines were detached and made their way to the next station, three miles distant, with wood and water almost entirely exhausted.

One of the engines being somewhat disabled was abandoned. At 9 o'clock at night the storm and tempest had increased to such a pitch that all hope of being able to proceed further this night was given up, and arrangements were made to make the passengers as comfortable as the circumstances would admit. Having but little fuel on board, and no timber within several miles the prospect was somewhat gloomy; 350 persons on board the cars.

3 O'CLOCK FRIDAY MORNING.

Wood all gone. Commenced breaking up the seats and other portions of the cars for fuel.—Passengers crowding around the stoves, shivering with cold.

SUNRISE—We behold ourselves in the midst of a vast ocean of Prairie, wild and stormy—our windows covered with a thick glazing of ice, and the snow driven into the *cars at every crevice.* Passengers gazing upon each other with anxious faces. The cold and storm too severe to venture far from the cars; one or two houses seen miles distant; no wood or timber in sight.

9 O'CLOCK, A. M.—Signals of distress. Messengers gone out to communicate our condition to *the nearest dwellings.* Express agents commenced breaking open boxes and distributing cans of oysters. Gentlemen and ladies cooking, by cutting open one side of cans and setting them on the stoves—nothing—even pepper or salt—to eat with them.

12 O'CLOCK, A. M.—Passengers thirsty—no water—oyster cans cleansed with snow, then filled with the same and placed on the stove to procure water to drink.

1 O'CLOCK, A. M.—Two men, thoroughly muffled in blankets, appeared on horseback, inquiring into our condition, and left on full gallop to provide assistance. Found a few railroad ties to cut up for wood. The inside of one car, seats and partitions, burned up to keep warm. Conductor ordered the passengers to begin with the poorest car and destroy it for fuel, and then the next, rather than suffer with cold.

3 O'CLOCK.—Children crying for food—some crackers and cheese arrive, and meet a joyful reception. Each one, with a handful of crackers, a short allowance of cheese, and many unable to get any.

4 O'CLOCK, P. M.—More provisions, but not sufficient for each. Divided among the ladies and children first. One lady treated with partiality, having a slice of bread and a piece of meat fried nearly black, which is an extra portion. Engines gone and frozen up. *Men gone in different* directions in pursuit of dwellings. Our numbers reduced, deer seen on the prairie—one man gone in pursuit. Conductor reports that he can do nothing more towards advancing us on our journey—appears in great distress and anxiety. Two men from the country arrive with teams. The *members of the Legislature* making large offers to be taken by teams to Bloomington. One teamster offers to take a load to Pontiac (13 miles) for ten dollars apiece—some started on foot; arrangements were made for another gloomy night on the cars; efforts to make the ladies and children comfortable as possible; the fires in two of *the cars put out,* and the passengers crowded into the remainder for greater warmth; an attempt made to haul one car, by oxen, back to Dwight station, six miles, but failed; much complaining among the passengers.

SATURDAY MORNING, 9 o'clock—Conductor distributing some broken fragments of bread and fried cakes among the passengers, no person allowed to take more than one piece; sent for more provisions. Great sympathy felt for the passengers' money by several who have arrived at various times, reminding us of the not noted "wreckers." Nearly everything purchased, paid for at exorbitant rates. Passengers at work shoveling snow, many who have left the cars are severely frozen. Members of the Legislature very anxious to reach Springfield; offering almost any terms that may be demanded, to enable them to reach Bloomington; no teamsters willing to risk it; have been out in the midst of the tempest at various places to find teams, but failed.

Cigars nearly gone; gentlemen smoking very carefully the last end until it burns their lips.

Gentlemen begging tobacco to chew; are shown little wads of it carefully and economically saved, and are unwilling to divide.

1 O'CLOCK, P. M.—No dinner; started myself for Dwight station on foot; there found a dinner prepared, refreshed myself and started on foot for Wilmington, 20 miles distant. Three others joined me; met two engines from Joliet about three miles from Dwight, in search of our party; took us on board and ploughed through the snow drifts, being well stocked with wood and provisions; arrived at Dwight again about 7 o'clock; great excitement among the passengers who had arrived at Dwight station, at the appearance of the engines. Prepared with an additional supply of wood and water, started for the scene of distress; great joy on board the cars; we soon extricated from the snow drift and returned to Dwight station.

Supper prepaired, and the passengers were seated once more, after a long interval, to a supper table. The place affording no lodgings for the passengers, we again retired to the car for the night. The plough engines went on to break through to Bloomington. An extra locomotive coming from Joliet loaded with provisions, we undertook to follow the plough engine off the track in a deep snow drift.

12 O'CLOCK at night—Cars returned to Dwight station; storm raging again.

SUNDAY MORNING.—The track north and south again completely closed; engines unable to move in either direction; passengers appear gloomy; provisions at the station scanty, some of the passengers destitute of money; provision made for them; a great deal of uneasiness and excitement among the passengers.

SUNDAY EVENING.—Excitement somewhat allayed; commenced singing; familiar hymns; passengers all animated with the music.

Two sleighs with provisions from Morris, 20 miles distant; no prospect of being able to leave for several days at least. A few of the passengers found rooms in private families, but nearly all remain on board the cars.

MONDAY MORNING, 9 o'clock.—Members of the Legislature making arrangements at extravagant prices to go through to Bloomington by sleighs, charges twenty-five cents per mile. Two sleigh loads leave; a quarter of an hour later and all return; teams unable to proceed; the members determining to proceed on foot; dissuaded from it; efforts to procure other teams.

Papers of tobacco found; smokers boring out cobs, making a large hole at one end for the tobacco, and whittling down the other to put in their mouth, in place of a cigar, which elevates them almost to ecstacies.

TUESDAY MORNING.—Members of the Legislature determine to make arrangements to proceed on foot; at 9 o'clock a four horse sleigh arrives for them; ten members left in the sleigh for Bloomington; snow one and a half to two feet deep on a level; some of the passengers are sad at parting from their friends under such gloomy circumstances; engineers making arrangements to cut through the snow-drifts, intending to leave some of the passengers unwell for want of sleep, and other comforts of life.

WEDNESDAY MORNING.—One engine and car start for the north with men and shovels and such passengers as wish to return, and endeavor to cut through to Wilmington, twenty miles; after hard labor reach a heavy drift at sunset within six miles of that place; they return fatigued to Dwight Station.

THURSDAY MORNING, 6 O'CLOCK.—Start again for the north; 9 o'clock discover an engine from the north coming to rescue us; at 11 o'clock, cut through; engines meet and return with great joy to Wilmington; the citizens greet our arrival; road open to Joliet, the train continues its journey, and we bid "friends in our mirth—friends in our misery too," a kind farewell. After enjoying the cordial welcome of a very kind family for an hour or two, we stepped on board of a sleigh with a friend and reached our home at Kankakee City at about 7 o'clock, and took a bed, the first time for one week.

CITY MATTERS.

Milwaukee Female College.

There will be a meeting of Trustees this morning at 10 o'clock, at the office of W. P. Flanders Esq.

The members of the Board are requested to attend, as business of *importance will be* brought before them.

Police Court—Feb. 7.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE.

The case of the state vs. Richard O'Mealy was called, and there being no appearance on the part of the prosecution, the defendant was dismissed.

Two warrants were issued against Patrick Whelan and James Rourke, one charging them with having threatened to burn the barn of Messrs. Merrick and Flanders; another warrant charging them with assault and battery upon John McCrossin.

WORK FOR THE LEGISLATURE.—Under the law for punishing assault and battery, Sec. 28, chap. 29 R. S., it is made the duty of the Police Justice or other magistrate, to punish the offender "by fine not less than five dollars, nor more than fifty dollars, according to the nature of the offence;" and if the party fined has not the means to pay it, he is committed to jail until it is paid; but under Sec. 21 chap. 153 R. S, he may at the end of six months be discharged; *but in less than six months he cannot be discharged.* There may be cases, there have been cases, in which a man fined five dollars for an assault and battery, but technically made out, perhaps a laboring man with a large family, is unable to pay five dollars, is sent to jail, and under our law, must lay there *six months* before he can be discharged. The magistrate cannot imprison him for a few days, he must fine, he cannot imprison; the language of the statute is imperative. But if a man of property or means, is found guilty of an assault and battery, and is fined to the extent of the law, fifty dollars, the latter throws *down his check with disdain,* and goes home while the former is incarcerated for six months. This is the existing law, should it not be changed? Why not give the magistrate power *to imprison* or fine as he thinks proper? The cost of keeping a man in jail six months, who is unable to pay a fine of five dollars, is a tax upon the county of Milwaukee, for his board alone, of fifty-two dollars, besides the injustice to the defendant. It is sometimes said, and indeed has been remarked, in opposition to the above suggestion, that if a poor man was imprisoned for five dollars, and it appeared hard or unjust for him to be kept in jail so long a time for a trifling offence, that there is generosity enough *in the community* to pay his fine for him and set him free. Such a feeling is commendable in any community, but where is the guarantee of its being exercised? There is a saying older than Columbus—"be just before you're generous," and there is a principle that we are trying here to see properly provided for—that every American citizen, be he never so humble, is entitled to *justice,* full and fair, at the hands of the legislature, and should never be made the subject of a capricious or whimsical generosity to release him from a prison. Another feature in the law is, that whether the man is fined five, or fifty dollars, whether the crime is *simple or aggravated,* the imprisonment, if the fine is not paid, is the same.

Two men were arrested by Peterfer violating the bridge ordinance in driving faster than a walk across Walkers Point Bridge, the parties paid the penalty without suits.

Patrick Whelan and James Rourke were arrested and brought into court, and their case set down for this morning at 10 o'clock.

HIGH RENTS—SCARCITY OF HOUSES.—Complaints begin to be heard, among houses-hunters, that very few unoccupied or unengaged dwellings are to be found in our city, and that landlords are very stiff in regard to rents for next year. *It is* an undoubted fact that good, comfortable dwelling houses command very high rents, and cannot easily be secured on any terms. There is already a want of house-room in our city, and as the coming Spring and Summer will very surely bring large accessions to our population, this want will become daily more urgent. Real Estate owners may ponder these facts and decide whether it is not worth their while to improve some of their vacant lots by putting up comfortable tenements.

ARRESTED FOR STEALING.—A German girl named Adelaide ——— was arrested yesterday morning by Under Sheriff Beck and committed to jail for stealing, some time since, a quantity of Lace and Ladies Embroideries of the value of $20. The girl had been in the employ of Mr. Levy, and the property was stolen from him, in his dwelling house, which makes it, if proved a State Prison offense. The girl is young, and if a house of Refuge was in operation might be reformed, but where is her chance in a State Prison, under the *silent* system?

HORSE THIEF CAUGHT.—A young man who gives his name as Thomas Rainbow, was arrested late on Tuesday night, and taken to jail by Sheriff Conover and his deputies, for stealing a Horse and Cutter from Lewis & Loomis, Livery Stable keepers, in Chicago. The horse was hired we understand from the owners, on Monday for a few hours, and the arrested man, made for this place, *representing that he* was the owner of it. The information arrived here at 8 o'clock P. M., on Tuesday, and by 10 o'clock the same night, the *thief was arrested and in jail.* It is said, no matter how "wasteful and ridiculous" it will appear, that "another hue was added to the rainbow" when the Sheriff informed *him of his* business. He will be sent or taken back to Chicago as well as the property reclaimed.

PUBLIC BALL.—Mr. Sargeant's Ball, given at Treat's Hall on Tuesday evening, was considered one of the greatest *treats* oft the season. The music of Sargeant's band is spoken of as excellent. He continues to supply music for parties or balls on the shortest notice and most favorable terms.

FESTIVAL AT OAK CREEK.—The Festival at the Congregational Church, Oak Creek, on Tuesday evening, was largely attended and entirely successful. The edifice was handsomely decorated, a sumptuous entertainment provided for the Company, addresses made by the Rev. Mr. MITER and Messrs. HOLTON *and BOOTH, of this city,* and the evening pleasantly and profitably spent.

A HANDSOME SPAN OF HORSES.—Mr. B. F. ARNOLD, sub-contractor on the La Crosse and Milwaukee R. R., is the fortunate owner of the handsomest span of horses we have seen in this State. They are bright bay, with black manes and tails, full brothers of the Morgan stock, 6 and 7 years old this coming Spring, and were raised in Chittenden County, Vermont. The way they take a sleigh along over the smooth snow, is a sight to see.

FOURTH WARD.—The City Marshal desires us to say, in answer to the complaint of "Spring Street" in yesterday's *Sentinel,* that he has not noticed any of the obstructions of which the writer complains, nor can he find on enquiry, that others have. But if the writer will make his complaint directly to the Marshal, and point, out these obstructions, the Marshal will attend to the matter forthwith.

OLD AMERICA PARTIES.—Old America held another dancing party on Tuesday evening, in *Concert Hall,* which as usual was well attended and much enjoyed. Old America will give three more during the present winter.

A Grand Salute.

The friends of human liberty fired a National Salute in this city yesterday, in honor of the Supreme Court of Wisconsin. The decision of the Court, declaring the Fugitive Slave Law unconstitutional, will be hailed with joy from Maine to *California.*

Man hunting will be kidnapping in this State until this decision of the State Supreme Court shall have been reversed by the U. S. Supreme Court.—[Racine Advocate.

The Rail Road Blockade at Chicago.

From the Dem. Press Feb. 6.

Good progress has been made in opening the railroads since Saturday evening. The CHICAGO AND MILWAUKEE, GALENA AND CHICAGO UNION, CHICAGO AND ROCK ISLAND, MICHIGAN SOUTHERN AND MICHIGAN CENTRAL, are all right, and trains are running as usual.

ILLINOIS AND WISCONSIN.—The train on this road penetrated as far as Elk Grove yesterday. The road will be all right this morning.

GALENA AIR LINE.—We are still without any news. Can't "*guess*" when the road will be opened.

CHICAGO AND AURORA.—No news. Road still safely blocked up.

CHICAGO AND MISSISSIPPI.—No definite news. Mr. Darling, the agent, says they hope to be through to-day or to-morrow. For some *chilling experience on this road we refer our readers to an* article from the Kankakee *Gazette* in another column.

ILLINOIS CENTRAL.—Col. Mason telegraphed from Lasallee yesterday, that he expected to get a train through to-morrow. The Chicago Branch is all blocked up.

We are done "hoping" for better times, and shall content ourselves to make a note of them for the benefit of our readers when they make their appearance.

THE NEW ALBANY AND SALEM RAILROAD.—This road was blocked up for the greater part of last week. It is now all right. Passengers who left Lafayette on Sunday morning at ten o'clock arrived here at one o'clock on Monday morning. The train for Indianapolis and Cincinnati will leave the Michigan Central depot this morning as usual.

THERESA—BODIES FOUND.—We are credibly informed that the bodies of the two little boys named GOTIKA, who were lost on the 12th ult, have been discovered, after being in the water over two weeks. They had returned from school, and their mother had given them permission to go on to the large tamarac swamp, flooded by the dam of Mr. Solomon Juneau, to gather gum, where they were drowned. Diligent search was made for a few days without avail, at length their bodies were found within a few feet of each other, in the swamp above named.—*Horicon Argus,* Feb. 2.

FROZEN TO DEATH.—On Saturday morning last, a young man named Wm. McOmber, was found frozen to death, on the farm of John M'Gee, Esq., in this County. Esq. Treadway, was called upon to dispose of the body, who learned that the deceased's friends lived at Eagle, where the body was sent for interment. The young man was not of the strictest moral habits and it is thought that whiskey had something to do with his death.—[Waukesha Democrat.

PART OF TWO RIVERS PIER GONE.—During the severe storm of last week about 80 feet of Aldrich, Smith & Co's large pier at Two Rivers was carried away, with about 15,000 feet of lumber belonging to Capt. J. M. Sprague. The loss to the parties concerned is of small consequence, but the want of Pier room in the spring may be felt.—[Manitowoc Herald.

☞ The New Orleans Bulletin *trembles* at the prospect of Mr. Seward's election to the Senate. If he is made Senator, the Bulletin thinks he will be made President, and then—"the destiny of this Union is inevitably sealed." The Bulletin is in a bad way, and will be none the worse for a mild course of medicine.—[Boston Atlas.

THE EMIGRANT AGENCY ABOLISHED.—The bill abolishing the Wisconsin Emigrant Agency has passed the Legislature almost unanimously, and the *Wisconsin says,* has received the signature of the Governor. It passed the Assembly by a vote of 75 to 5 and the Senate by a vote of 22 to 2. Good! The State has paid during the past three years $11,400 to keep up this agency, *from* which there has never been one dollar's worth of benefit. Reform is in the ascendancy.—[Postal Republican, (dem.)

NEW COUNTY.—It is proposed to create a new county by dividing the county of Adams by the Wisconsin river, and *forming the portion west of* that stream into a new county to be called La Valle. Mr. Davis of the Assembly introduced a large number of petitions in favor of the division yesterday.—[Madison Journal.

CHEERING NEWS!—By reference to another column, it will be seen that Hon. CHARLES DURKEE has been elected U. S. Senator for Wisconsin, in place of ISAAC P. WALKER, whose term expires on the 4th of March next. This is truly good news. Nine cheers, say we, for the glorious FIFTY-FOUR!—[Fox Lake Times.

HEAVY PORK.—We are credibly informed, that A. R. Ewbanks, of Charlotte, in this County, the 27th of January last, butchered 5 hogs, the heaviest weighing 493 pounds,—the total weight of the five was 2290 pounds. They were of one litter and 22 months old.—[Grant Co. Herald.

A GOOD SHOT.—Lord John Russell says that there is one bit of truth in the Austrian treaty, and that is at the end, where the name of the representative of England is coupled with the words "*Done* at Vienna."—[Punch.

KANSAS ELECTION.—We learn from a private source that the election of members of the Kansas Legislature will take place upon the 23rd March.—[Boston Atlas.

DIED,

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.
The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible, and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimation than worldly property.
While the representative of a family lives, (although, through neglect to insure his *property,* he becomes bankrupt,) he supports his family; but at his *death,* dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comfort during life.
If young, the annual payment will be light, and if insured with *profits,* the policy will be constantly growing more valuable, though the *premium* is not increased.
Clergymen and others who have a stated and regular income, *should insure,* well knowing that, at their death their families may be left destitute,
Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure.*
The farmer who has still a mortgage on *his farm, should insure,* at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

Personally appeared THOMAS A. ALEXANDER, Secretary of the Ætna Insurance Company, and made oath that the foregoing statement, by him subscribed, is true according to his best knowledge and belief.
HENRY FOWLER, Justice of the Peace.
All that have property to Insure, will please inspect and scrutinize the preceding reliable expose of this old and long tried Corporation. For usefulness, security and promptitude, it has ever stood first in its line of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it. This statement is so prepared any one can contrast its condition with local and State Insurance office, if so disposed. Its investments are of that solid character as not to be materially affected by the late depression in that class of assets.
The increase of its capital stock to $500,000, is a bona fide investment for the pledge and security of its policies.
The necessity and real benefits of Insurance are well exemplified in the fact the company has paid cash losses during the past year, at its Western Branch office alone, in Cincinnati, to the sum of $246,569 66, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation. If all or any of these facts are inducements to the continuance of its valuable patronage, or its increase, they will find its agents ever ready to attend to the demands of business as heretofore, with promptitude, at as favorable rates and terms, as security to all permits.

THE UNDERSIGNED WOULD RESPECTFULLY announce to the Public, that he has opened, on

Spring Street, Opposite the American House,
A NEW
PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr Hews, Agent at New York

NEW YORK, Dec 5 1853

MR N J CURTISS —

Dear Sir Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public I am very glad of the improvement in the action These instruments likewise are of excellent tone, owing, no doubt, to he perfection of the scales

Very Respectfully, L M GOTTSCHALK

From the distinguished Pianist, WILLIAM MASON

MR HEWS —Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte

WILLIAM MASON

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect

☞ Pianos to Let Old Pianos taken in exchange, and liberal prices allowed

CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art A vast trial of its virtues throughout this broad country, has proven beyond a doubt that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year Indeed there is now abundant reason to believe a Remedy has at length been found which can be relied on to cure the most dangerous affections of the lungs Our space here will not permit us to publish any proportion of the cures effected by its use but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements

DR J C AYER Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850 for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better and after three days use, he was able to eat or drink without pain

Its use in the above named disease will save many a child from a premature grave and relieve the anxiety of many a fond parent For all affections of the Throat and Lungs I believe it is the best medicine extant A feeling of the deep gratitude prompts me in addressing you these lines,—but for your important discovery my little boy would now have been in another world

I am yours with great respect

CHARLES' LONDON CORDIAL GIN,

WITHOUT THE NECESSITY OF EXTRAORDINARY publicity, with scarcely an effort on the part of the proprietor, this superb Gin, in the short period which has elapsed since its introduction to the American public, has achieved a popularity beyond precedent in the whole list of Alcoholic stimulants.

The Certificates of over Five Thousand Physicians in England and the United States, proclaim it a transcendent medicine.

It is upon the sideboard of the family, and the bar of every well regulated hotel, by the bedside of the sick, as well as the companion of the healthy FREE FROM INTOXICATING QUALITIES it is harmless in its adoption The inebriate, by its use, finds it a slight stimulant, which while it feeds the appetite, gradually weans him from the horrors of delirium, and restores a shattered constitution.

ITS GREAT REPUTATION IS DERIVED from its absolute purity, its delicious flavor,—differing entirely from any other gin—its great utility as a medicine in cases of dyspepsia, gout, gravel, diseases of the kidneys, and innumerable other maladies for which as a remedy and preventative it has no equal.

To Travellers it is Indispensably Necessary, dispelling the annoyances frequently engendered by change of water, etc, as also, ague, fever, and malaria of every description

Charles' London Cordial Gin is put up in square bottles, stamped with the proprietor's name a fac simile signature upon the label, and packed in cases of two dozen each

Beware of imitations. The genuine Charles London Cordial Gin can be had retail of all respectable druggists and grocers, at all hotels, and wholesale of the sole importers, DE VENDGE & CHARLES,

THE UNDERSIGNED WOULD RESPECTFULLY announce to the Public, that he has opened, on

Spring Street, Opposite the American House,
A NEW
PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr Hews, Agent at New York.

NEW YORK, Dec 5 1853

MR N J CURTISS—

Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L M GOTTSCHALK

From the distinguished Pianist, WILLIAM MASON.

MR HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

☞ Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

Mr Farmin's loss is from 4 to $500,—no insurance. This makes the second time Mr Farmin has been burnt out,—having had his saw mill burned about 2 years ago.—[Grant Co, Herald.

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed there is now abundant reason to believe a Remedy has at length been found which can be relied on to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agent below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R R, S C, Aug 4, 1853

Dr J C AYER:—Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deep gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours with great respect,
J D POWELL, Supt Trans, L R R

Rocky Hill, Somerset Co, N J, July 9, 1852

DR J C AYER:—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of the highest praise by those who have used it, and I know of some cases where it has done what they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a fresh supply, and believe me
Yours with respect, JOHN C WHITLOCK.

P S —Almost any number of certificates can be sent you if you wish it.

Windsor, C W, June 26, 1853

DR J C AYER—Sir: This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not used it. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D A McCULLOCH, Attorney at Law

Wilkesbarre, Pa, Sept 26, 1853

DR J C AYER—My dear sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am yours, [illegible]

CHARLES' LONDON CORDIAL GIN.

WITHOUT THE NECESSITY OF EXTRAORDInary publicity, with scarcely an effort on the part of the proprietor, this superb Gin, in the short period which has elapsed since its introduction to the American public, has achieved a popularity beyond precedent in the whole list of Alcoholic stimulants.

The Certificates of over Five Thousand Physicians in England and the United States, proclaim its transcendent merits.

It is upon the sideboard of the family, and the bar of every well regulated hotel, by the bedside of the sick, as well as the companion of the healthy. FREE FROM INTOXICATING QUALITIES it is harmless in its adoption. The inebriate, by its use, finds it a slight stimulant, which while it feeds the appetite, gradually weans him from the horrors of delirium, and restores a shattered constitution.

ITS GREAT REPUTATION IS DERIVED from its absolute purity, its delicious flavor,—differing entirely from any other gin—its great utility as a medicine in cases of dyspepsia, gout, gravel, diseases of the kidneys, and innumerable other maladies for which as a remedy and preventative it has no equal.

To Travellers it is Indispensably Necessary, dispelling the annoyances frequently engendered by change of water, etc, as also, ague, fever, and malaria of every description.

Charles' London Cordial Gin is put up in square bottles, stamped with the proprietor's name, a fac simile signature upon the label, and packed in cases of two doz. on each.

Beware of imitations. The genuine Charles' London Cordial Gin can be had retail of all respectable druggists and grocers, at all hotels, and wholesale of the sole importers, DE VENOGE & CHARLES,

USE THE

Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroidery, Marking Linen indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST FOR table [illegible] in the known world for a small quantity folded and placed in the pocket constitutes a travelling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in one lesson. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex, and, indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark Linen or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green and Red, with full and printed instructions, for all to use, and will last sufficiently long to obtain Five Hundred distinct impressions.

It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

PRICE—$2 a Dozen; or Five for One Dollar. Single Packages 25 Cents. Address, post paid

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable [illegible] from fire, where as other makers' safes have proved worthless [illegible] accidental and experimental tests, some of which occurred recently

Read the following from Messrs A McClure & Co, wholesale and extensive dealers in Drugs, Medicines, &c

ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire stock, composed of Turpentine, Alcohol, Oil, Paints, Medicines, &c., was consumed by fire, so rapid and severe was the fire that we were unable to close one safe until Mr Pohlman subsequently entered at the peril of his life and closed the door

After forcing the safe open after all this exposure and fire, which made us more careful for the safety of its contents, [illegible] valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A McCLURE & CO

ALBANY, Dec 19, 1852

This is to certify that on the 7th day of May, 1851, I purchased of J McB Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 19th of December, 1851. After the fire was extinguished, its contents (books and papers) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P J CLAASSEN,

After an examination of P J Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment,

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but gives vigor and elasticity to the limbs, before unknown—thus performing a double office

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS.

To the Citizens of the United States:—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the *Americans*, the most *lively* sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

80, *Corner of Ann and Nassau Streets, New York.*

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps, the most handsome in the World, at a certain period, lose their teeth and good looks while yet in the hey day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the sound est health

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dyspepsy	Lumbago	Tic Doloreux
Bilious Complaints	Erysipelas	Piles	Tumours
Blotches on the Skin	Female Irregularities	Rheumatism	Ulcers
Bowel Complaints	Fevers of all kinds	Retention of Urine	Venereal Affections
Colics	Fits	Scrofula, or King's Evil	Worms of all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness from what ever cause, &c.
Consumption	Head ache	Stone and Gravel	
Debility	Indigestion		
	Inflammation		
	Jaundice		

☞ SOLD AT THE ESTABLISHMENT OF PROFESSOR HOLLOWAY, 80, Corner of Ann and Nassau Streets, New York, also by all respectable Druggists and Dealers in Medicines throughout the United States, in Boxes, at 37½ cents, 87 cents, and $1,50 cents each. To be had Wholesale of the principal Drug Houses in the Union

☞ There is a considerable saving by taking the larger sizes.

N B—Directions for the guidance of patients in every disorder are affixed to each Box

PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that can not possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec 20th, 1853

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is, TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick, when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD

Sold by BOYD & PAUL, No 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package

N B—Any person inclosing $3 to BOYD & PAUL, or Curtis & Perkins, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United states; or four packages for $10. feb8-ly&w

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of [illegible] from the *Lung Institution of Edinburgh*, and the [illegible] *des Invalides of Paris*, having settled permanently in New York for the practice of his profession, begs to [illegible] to the citizens of the United States that [illegible] of study and *successful experiments* in England and [illegible] as well as other parts of Europe, with a *consumptive* [illegible] *in all its forms*, enable him to warrant, not only relief, but a *complete cure* to all those suffering with this *great* [illegible] disease

Dr TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk."

Dr. TRIST would say to those interested that he has had manufactured, for the use of his patients, his *Patent Inhaling Tubes*, through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use, and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with simple directions for use, on receipt of a letter containing Ten Dollars and describing symptoms.

A cure is warranted in all stages of *Consumption, Bronchitis, Asthma*, and all other affections of the *Throat, Lungs* and Air Passages. In case of failure, the money will be returned.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable contents from fire, where as other makers' Safes have proved worthless in [illegible] accidental and experimental tests, some of which occurred recently

Read the following from Messrs A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c

ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire stock, composed of Turpentine, Alcohol, Oil, Patent Medicines &c., was consumed by fire, so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the door

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuable contents were found uninjured

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced

A. McCLURE & CO

ALBANY, Dec 19, 1852

This is to certify that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers) were examined, and found to be perfectly preserved—not a leaf of my books being scorched

F. J. CLAASSEN,

Importer of Wines, Cigars, &c. Broadway, Albany

After an examination of F. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others

This is to certify that on the 25th of September last we purchased of H. D. Richardson, one of Mr. J. McB. Davidson's Fire Kings (No 4 single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations

For Bruises, Sprains, Cuts, Scalds and Burns, but a *few* applications are necessary in order to effect a total cure

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed *in a few days*—and the worst cases can be cured in a few weeks at the farthermost. Persons afflicted with these diseases, should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificates in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The small size retail for 25 cents per bottle
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS.

To the Citizens of the United States:—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

36, Corner of Ann and Nassau Streets, New York.

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps the most handsome in the World, at a certain period, lose their teeth and good looks while yet in the hey day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING.

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, *without the least inconvenience*, the heat of the body being sufficient to evaporate the fluid—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, mouths at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of the most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick, when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD
